# STAGE SET FOR COAL STRIKE MONDAY

# **UNION WANTS** WALTER GRIES TO BE OUSTED

#### STRIKERS KEEP UP **DEMONSTRATIONS** AT ISHPEMING

Ishpeming, Mich., March 26 (A)
--State Labor Mediator Robert E Lomasney of Detroit today entered the Marquette range iron mine strike in an attempt to bring the United Steelworkers of America (CIO) and mining companies together in conciliation, while demonstrations continued at two mines and the union sent a telegram to Governor Harry F. Kelly demand ing the resignation of Walter F Gries, of the state welfare board.

Lomasney conferred at Marquette with union officials, Captain C. W. Robertson, of the Mich igan state police, Sheriff Howard C. Treado and John Luecke, federal labor mediator from Escanaba, and tonight was attempting to agreement regarding conciliation Injunction Is Handicap

At conclusion of this afternoon' meeting, Lomasney announced he was asking that injunctions obtained by mining companies against the Steelworkers a week

## GI'S DIDN'T LIKE OFFICERS

#### Abuse Of Rank Is Reason Enlisted Man Resented Superior

Washington—To GIs the worst thing about the war was having to put up with officers. That has been pretty clear for a long time in view of all the GIs' letters, articles, speeches and cartoons on the subject. But now it is verified by the Army itself in a series of studies made between December, 1943, and September, 1945, and recently taken off the confiden-

Questionnaires were submitted to troops in scattered units in the various theaters of war to sample their attitudes towards various army phenomena. When the Army asked the enlisted men what they

"In all Army research surveys," according to the study, "there is a page where enlisted men write in comments on any subject they choose. Second only to the comments about the desire to come home, criticisms of diffential privileges of officers top the list in every overseas study.

Resent Abuse of Rank

is aroused by what they consider director. excessive privilege or abuse of privilege sanctioned by tradition."

returning from overseas were: military control and discipline. "2. Officers' lack of concern for Marilyn enlisted men's welfare.

"3. Officer privileges." Importance to Morale

When returned overseas veter. ans last July were asked what they thought made morale high, they rated "good officer-enlisted men relations" as second most important. (Most important: 'teamwork, pride in the outfit."

Asked in February, 1945, if officers when overseas took unfair ileges, 51 per cent said they had seen such abuses, 38 per cent said they had they had be they had seen such abuses, 38 per cent said they had be they they had not, and 11 per cent gave

Only 47 per cent of the men actually had witnessed instances in which good hotels, restaurants or tie and Helen Vanderville. entertainment spots in their overnever seen it happer

Joyriding Is Cited

As for having seen officers use army automobiles for their personal recreation, however, a whopping majority of 72 per cent

Asked if they thought officers got too many breaks and privithe right number," and a tactful breaks were "Too few."

Where Officers Agree

When the men were requested ment "It would be better if officers and enlisted men were more friendly with one another," 61 per cent agreed. Incidentally, 30 per cent of the officers who were asked about this also agreed.

Most of the enlisted men, the survey disclosed, did not believe their personal welfare or individual problems. Most of them, moreover, didn't feel that their instructors "knew their stuff." And less than half of them thought that deserving enlisted men got the breaks to which they

were entitled. These GI quiz kids, incidentally, do not seem to have been incurable gripers. For instance, they went overboard for the army physicians. They were asked "How would you rate the job being done by the medics at the Nearly 90 per cent gave the medical men the highest possible rating.

#### Latest Building Approved To Cost Estimated \$8,825

Permits for new building, additions and improvements to be made here at an estimated cost of \$8,825 have been issued here since March 21, the records of City

Clerk Carl E. Anderson indicate. Recently approved permits include the following: new garage and auto repair shop, corner of 17th St. and Ludington, estimated cost \$2,500, owner, Oscar Sedenquist; enlarge dwelling by 12x26 addition and add basement, 1124 N. 23rd St., estimated cost, \$750, owner, Joseph Lemerand build double garage, estimated cost, \$275, owner, Wilbert Erickson; build double garage at 315 S. 16th St., estimated cost, \$300, owner, Joseph E. Brisbane.

Construct new dwelling using old lumber, estimated cost, \$1000, owner, Louis Berro, Escanaba Rt. 1; build garage and add four living rooms, 118 First Ave. S., estimated cost, \$2,000, owner, W. C. Cook; construct new dwelling 1214 N. 18th St., estimated cost, \$2,000, owner, Victor J. DeRouin.

Ask your druggist for a 35c box of Peterson's Ointment today, or 60c tube with applicator. Money back if you are not de-In TABLETS - NR lighted with relief.

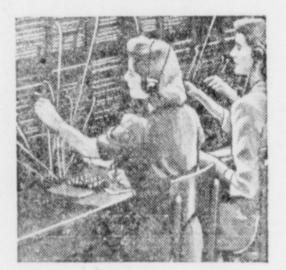

# 1945 A BUSY YEAR AT MICHIGAN BELL

TRANSITION War gave way to peace, but unfilled orders for new tele-As Michigan Bell's Postwar Expansion and Improvement Program gained momentum, the number of applicants waiting for service was reduced to 113,200

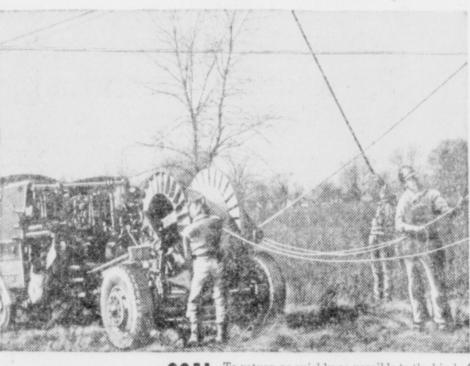

1,295 of Michigan Bell's 3,056 war veterans had returned by Dec. 31. Mourned were 57 who had to an all-time high of 16,500. The prewar ratio of about 50-50 between men and women had shifted so that 2 of every 3 employees

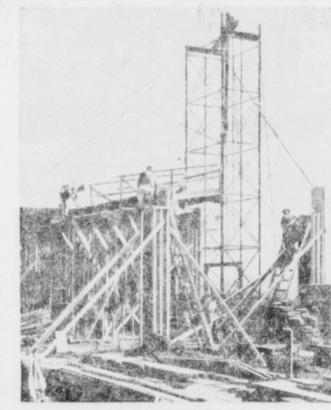

MORE CALLS Calls in 1945 - 159,700 toll and 6,004,000 local per day-were about double the prewar average. Service, although not up to prewar quality in some respects, was generally good.

MORE TELEPHONES By Dec. 31, telephones in service totaled 1,174,513 compared with 742,118 in 1939. In the last 3 months of 1945, the increase was 37,000 telephones, largest 3-month gain in Michigan Bell history.

**GOAL** To return as quickly as possible to the kind of service wanted, when and where it is wanted, is Michigan Bell's aim. By year's end, work was being rushed on nearly 100 major projects which will boost central office capacity by 85,000 lines and add about 850,000 miles of subscriber lines. 2,600 miles of open wire were built in 1945.

year Postwar Expansion and Improvement Program was boosted from \$120,000,000 to \$150,000,000 after experience gave a clearer picture of increasing public needs, rising costs of materials and labor. Money for the program must come largely from the sale of Bell System securities to investors.

## For Chicken Raisers FEED KING MIDAS CHICK MASH KING MIDAS ALL MASH STARTER King Midas Chick Mash runs 19% Protein while All Mash Starter runs 16% Protein. water space for each chick. Cover litter with newspaper or burlap bags for first few days. See that water is lukewarm for several days. See us for proper litter and brooder house equipment and suggestions.

Let Us Supply All Your Chick Feeds and Other Helps for Better Raising.

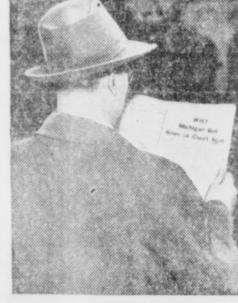

700 Steph. Ave. Emil Ahlin, mgr. Ph. 1672

line of disinfectants.

of \$80.806,000 in 1945 were 101% over the prewar 1936-1939 average, costs were up 137% to \$71,-254,000. The amount left over to pay for the use of investors' money was about \$569,000 less than the average of prewar years, although an additional \$36,000,000 had been invested in the business since 1939. So the average return on the stockholder's dollar dropped from 71/2 to 53/4 cents.

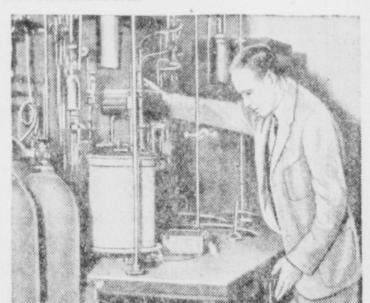

1945

1936-39

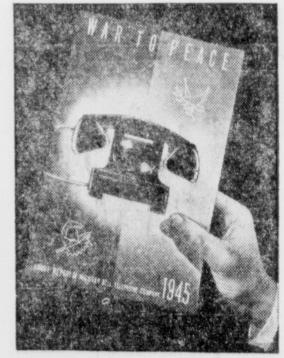

RATE-CUT RESISTED

To attract the investor's dollar, the rate of Telephone Company earnings must compare favorably with the average of other industries - not substantially less, as has been the case in recent years. The future quality of telephone service, then, depends on earnings attractive to investors. So Michigan Bell in January, 1946, appealed to the courts for relief from a Michigan Public Service Commission order calling for retroactive reductions of \$3,500,000 a year for 1944 and 1945, and lower rates for local service in 1946.

Unlike most industries, we have no alternative but to expand our plant when necessary to meet service demands. With earnings attractive to investors, we can continue to improve the quality of service and use future, technical research developments to help keep rates down in the face of rising costs. It is to everybody's interest that we give the best service at the lowest cost which will protect the future of the business.

ANNUAL REPORT The full story of Michigan Bell's operations for 1945, complete with all the facts and figures, is contained in an interesting, illustrated booklet, entitled "War to Peace." Copies may be obtained at any Michigan Bell business office.

## Courses Of Senior High Set To Meet Escanaba's Needs

Contrary to popular belief, it was pointed out by Edward Edick, Escanaba senior high school prinhigh is set up to meet the demands subjects a well as those desiring to go to college.

the one the school must be sure and get set for immediately fitting into community business and professional life. The aspiring college student also is given the proper course of studies to fit him for the college he desires to enter.

Acamedic courses being taken at the senior high are but about 30 percent of the complete number of courses. "This is in good proportion to the needs of the present day high school," he said.

It was different in early history of the high school in that all those persons going on to taking a high school course were attending as a speciality as one does a college have to be prepared.

hool do not have the desire to each student. further study in college and so are more interested in taking a Flu Frozen Foods eneral course which will probably include some sort of vocafonal training, for immediate practice in the business world on raduation. The high school of

include four years of English, ished off with apple pie. (first and second years), Latin, their pre-cooked state, but that the local high tainer, requiring only reheating, a baron and a clerygman hool has made it a requirement "Rented the first day" said Smith for the benefit of the students.

Few schools, too, offer four years of mathematics, but the senior high has this subject available also for the full four-year course.

Non-academic subjects are: community health, art (three years), journalism, typing (two years), junior and senior business trainng, related training, home economics (three years), functional mathematics, radio, machine-electricity, conservation-forestry, salescipal, the curriculum of the senior manship, shorthand (two years) machine shop, printing, welding, of a pupil taking non-academic auto shop, woodwork (two years) and drafting (three years). Connected with a good counseling program as the student enters the school he is able to start specializing on his life work immediately

It will be noted in the listing of the non-academic subjects that commercial and vocational courses are given the maximum course of study. In this way the school is meeting the needs of the community as each class graduates, by providing the needed personnel to local business and professional

Seventeen college preparatory courses are taken at the senior high as compared to the 47 vocational, commercial and general subjects.

There are 200 seniors, 223 juncourse now. study theology and history at the

Belfast Presbyterian College. During his stay in Ireland, in 1913-14, he learned to like western life and thinking. After his return to his homeland, he became a Protestant minister and was for many years the head of Hungary's Calvanist Church.

In the agitated years following the end of the first World War Baron Tildy rallied to the Small Holders' Party, a moderately conservative group which was led for many years by Tiber Eckhardt. He was elected to Parliament in 1936 and became one of the most influential leaders of his party, which he worked hard to liberal-

In 1941 he succeeded Eckhardt as party boss and two years later he concluded a political alliance with the Social-Democrats. The two groups attempted vainly to stem the rising trend of Nazi influence in the country.

As a result of the complete occupation of Hungary by the Germans in March 1944, Tildy, like other anti-Nazi Magyars, was forced to go underground. During the next few months he was one of the leaders of the Hungarian Independence Front which organized resistance against the German-controlled Budapest re-

On Oct. 15, 1944, Regent Horthy sued for an armistice. He was immediately deposed by Hitler and taken to Germany.

At the same time all Hungarian political leaders not previously imprisoned were taken into custody, with the exception of the completely Nazified "Arrow Cross" movement. Among the hundreds arrested and deported to German concentration camps was Baron Tildy.

His imprisonment aid not last ong, however. A few month: ater Germany surrendered and

Tildy was set free. Returned to Hungary

He returned to his country where an anti-Nazi government neaded by General Bela Miklos had taken power. Although the new Cabinet comprised three members of the Small Holders Party, it was largely controlled v communists.

In the months following the restablishment of peace in Europe, he country reacted sharply against Soviet occupation, methods and the dictatorial behavior of the Miklos regime,

> The Eskymos, who won the upper peninsula championship at Ironwood last Saturday, have earned this public recognition and there is little doubt that the local fans will confirm that fact by speedily raising the necessary quota. In voting \$25 to start the ball rolling, the Escanaba Lions club left the door open for a second appropriation in the event that it is required. Howard Jackson, former Escanaba high school basketball star of the 20's, now reservation clerk at the Sherman Hotel, Chicago, extended congratulations to the 1946 Eskymos and promised them that they will be well provided for during their stay in Chicago.

## SPARTANS SOCK SOUTHERN NINES

(A)—The Spartans from Michigan State college continued to rampage over southern baseball competition by notching their seventh straight triumph at the expense of North Carolina, 3 to 2, to sweep a two of local supplies by occupying game series here today.

## In Memoriam

In loving memory of our beloved mother and grandmother, Hulda Marie Koski, who passed away two years ago March 27, 1944.

Two years ago today Our dearest treasure passed away,
Our Mother.

Ong days, long nights your pain,
Waiting for cure but all in vain,
God saw that you were suffering
And the hills were hard to climb,
So He closed your weary eyes and
Whispered, "Peace Be Thine."

Sadly missed by her SONS AND GRANDCHILDREN.

## Speech Department Holds Contests At Senior High School

Elimination contests in the oratorical declamation and extemporanious speeches of the Escanaba senior high school forensic department were held Monday.

Those who won out in oratorical declamation and will speak in the contest before the student body on Thursday will be: Patsy Frasher, The Man Who Talked With The Flowers"; Harold Sundelius, "Reselling America to Americans" and Eunice Holmes, "Freedom is

In the extempore contest eliminations Sue Moran won with 'Spain and Franco"; Jim Moran with "The UNO London Conference" and Richard Broad with Politics and the Atomic Bomb. Each of these students have been studying newspapers and other sources of current event news for the past few months and about an hour before their scheduled speech are given a topic with which to present a five to seven minute

No eliminations will be held in Original oratory before the finals Friday morning as just three persons are entered. James Degnan has the topic "Labor vs Management"; David Locke, "Building a Lasting Peace"; and Marilyn Groos, "Just A Negro".

In the Dramatic declamation the eliminations will be held tonight the finals Friday morning. The list of pupils and subjects chosen are Gloria Barron, "Ile"; Margare Veber, "The Man Without Country"; Valerie Spade, "In Rebecca's Room"; Harold Olsen, "Jo "The White Hands of Telham"; Irma Bartley, "Jean Marie"; and Edith Harrington, "The Fall of

Judges for the contests Thurs day and Friday will be member of the senior high school faculty. First and second place winner in the local contests this week will participate in the district contests at Manistique in April and the district winners will come to Escanaba for the regional contests in May.

#### Discrimination In Hiring Of Teachers

Charged By Woman Marquette-"That girl is going troit," Mrs. Caroline R. Stone, 342 East Prospect street, told the Marquette board of education at its noon after she had presented the "cases" of two women who, she alleged, had been denied teaching

It was the latest move by Mrs. Stone in her attack on the school board and public school system during which she has constantly raised the cry of "discrimination. In addition to citing the merits

of the two women whose cause she is championing, she challenged the qualifications of two person engaged in supervisory and nonteaching positions in the public schools, one of which she, herself, had sought a year ago.

Except for a short review of the qualifications of one of those persons by Superintendent of Schools Willard M. Whitman, secretary, members did not discuss Mrs.

"Two Out of Many Complaints" The first "case" presented by Mrs. Stone—she said they were "only two out of many, many complaints I have received"-conwho taught in Big Bay and has done substitute teaching in Mar-She has three or four schools here and her husband's job is not adequate, Mrs. Stone said. She then hurled the first of her charges, as follows:

When the woman applied for a substitute teaching job, the first time she was told that regular tutes. The second time she was told that girls in the office of Mr. Whitman hired them; while the third time she was informed that we are not running a charitable

"That woman wasn't begging for work. She was so humiliated, she left without saying a word. I have checked this woman's story and it has never varied.

"This board is a farce. You employ women in the schools whose husbands are amply able to support them, and they are called substitutes again and again. It's high time that sort of thing was stopped."

#### Article Describes Making Of Pontoons

Houghton—How within one year 16,000 pontoons were manufactured and half the barges and causeways built for the invasions of Guara Belgiou, the Philipping of Guam, Pelelieu, the Philippines and Okinawa, is described in a 5000 - word illustrated article. "Pontoon Manufacture in the Pacific," in the latest issue of Me chanical Engineering. This is the monthly magazine of the American Society of Mechanical Engi-

The author is Capt. H. W. Risteen, USNR, officer-in-charge of the first two pontoon-manufacturing plants. A month ago, after five years' service in the Seabees, he returned to his post as associate professor of mechanical engineering at the Michigan College of Mining and Technology.
